

Zoltan Bessenyei

February 23, 1931 ~ February 17, 2025

I very much enjoyed my association through the years with Zoltan and Anna. I loved hearing stories about your life, leaving Hungary, and coming to the United States. You both worked so very hard to provide for your family and create a life in this country. You will be missed and may Anna find peace and comfort during this difficult time. With love, Richard Ferguson
