Oh Mike - you will be missed so much. You were my best friend at ARUP for 15 years. We were cube mates for many of those years and I could always confide in you, laugh with you, and always, always learn from you. I loved you like a brother and you were always there for me - you were there when all of my grandkids were born, when Gabi was 4 months old and diagnosed with bilateral retinoblastoma, when Emily wanted so much to meet your beautiful Dobermans, Skye and Cliff, and you and Steve invited us over and welcomed us into your home, when my dear husband of 42 years was diagnosed with cancer, when he and I finally got to go to Hawaii! Who will I talk to now? Who will I confide in? I will continue to talk to you Mike, I know you can hear me. I love you sir, you were always a true gentlemen.

I had the privilege to work with Mike for many years. Not only was Mike diligent in his work duties, he was an uplifting and fun person to be around. He cared for others and that helped create the family environment we enjoyed for many years in the workplace. Mike will be missed.
