Jaque was proud of her daughters and all their accomplishments. She encouraged them to be the best they could be. She loved the joys of motherhood and felt grateful to have been blessed by them. She was soft spoken, kind, honest, and forgiving towards others. Everyone loved Jaque! She was blessed with a naturally kind nature. Jaque loved to go camping and hiking. She enjoyed listening to music, reading, and gathering with friends and family. She lived a life of service and she led by example, touching many lives.

Jaque loved her job working with the residents in the care facilities. She enjoyed cooking delicious meals for them. Jaque was strong. During her chemo treatments she continue with her schooling, studying to become a certified dietary manager and passed. She has done more with cancer than some without.
