Celebration of Life

Atsa Ashkhii Bidzii Ahiga Naalnish Coto

"Eagle Boy"

Born: December 5, 2022

Born into Eternity: June 26, 2025 at 8:00 P.M.

Murray, Utah

Atsa loved books. When I or his brothers would read to him, he would repeat the words so clearly. His big brother Manny would play with him all the time, and he really enjoyed hearing Manny read. According to his big brother Isaiah, Atsa loved to be held, and he loved holding Atsa. Manuelito and Atsa were very close, and he looked up to both his big brothers.

He loved music, and he would sing with the cutest little voice. He adored trains, puppies, and especially his stuffed animals. His favorite thing to do was follow Manuelito around. His sweet, shy smile could heal any burden.

Atsa loved his brothers and family dearly. He cherished his papa and mommy, and we all loved him deeply. Everyone who knew Atsa will miss his joyful presence. He brought light into every room he entered.
