

Beckett Wilder Carlson

November 22, 2025 ~ December 22, 2025

Our sweet baby Beckett suffered a spontaneous intracranial hemorrhage discovered during a 32-week ultrasound. Despite extensive medical care, all medical and genetic testing returned normal, and no cause was ever identified.

Beckett was home with us for his short, beautiful life—held, snuggled, and deeply loved every minute. He passed away peacefully in our arms, surrounded by love. We are grateful for every moment of his ”vacation from Heaven” that he was able to spend with us and looking forward to the day that we are reunited again.

We are forever changed by Beckett’s presence. He was so loved and will be profoundly missed.

A graveside service will be held on Saturday December 27th, 2025 at 1:00pm at the Murray City Cemetery, 5490 South Vine Street.

For those unable to attend in person, the family invites you to join via Zoom. Please click on the Watch Services button above.
