*January 13, 1959 ~ February 14, 2025*

Bertha Marie Bey Hardridge AKA Birdie: Jan 13, 1959 – February 14, 2025

It is believed Birdie came into this world unlike a normal child, but instead Dancing and Singing. She had an unwavering desire to nurture, feed, console and a natural calling to be a mother figure to all, “she was one hell of a Matriarch”. She loved to Sing, Dance, read and cook. Her biggest passion was taking care of and loving all of her grandchildren and, her most relaxing hobby, was crochet, which she did in most of her spare time, making one final piece for one of her beloved grandchildren.

Attending The Point Church, she was not just a true believer in God, she did not just speak the words, but acted them out every day. She loved family and to be in her presence was to be hugged, appreciated, humored, fed and above all, LOVED.

Standing all of 4’11”, It is true the BIGGEST things come in the smallest packages, and, this box will never be filled. She will be forever missed and loved.
