*March 4, 1974 ~ October 10, 2025*

Elizabeth Ann Felt, age 51, was born March 4, 1974, and died October 10, 2025.

Liz became a skillful peer counselor for NAMI and helped many people living with mental illness. She also organized multiple art shows as fundraisers for NAMI. Liz courageously lived her life with her own struggles with mental illness and was always a powerful advocate for others with similar challenges. She was a loyal friend and support for many through the years.

Liz loved all the arts and was a wonderful creative writer. She eventually turned her talents to photography, creating unique visual landscapes, especially of the land around her beloved Holiday Park.

Liz was a loving and caring woman. She touched many hearts through her thoughtfulness and artistic nature. She and all of her black labs had a strong devotion to each other. They were lucky to be loved by her.

Liz is survived by her father Paul Felt (Jan), brother Matt Felt, stepbrother Jeremy Smith, uncle Doug Felt (Kathy), aunt Marianne Felt, and beloved dog Ellie.

There will be a private graveside funeral for family. Please send any donations on her behalf to NAMI Utah.
