

James Daryl Brollier

August 7, 1964 ~ May 4, 2023

James Brollier was James Register by birth. An adoption by his stepfather Larry Brollier changed his name when he was in junior high. James was a true Renaissance man from the get-go. He enjoyed the arts, science, music, history, geography, and astronomy. In his early years, you could find him tinkering with a radio he had just built or rebuilding a transmission or working on model airplanes. Later James joined the Air Force Reserves in Idaho and served for 4 years as a crew chief on the F4 Phantom, he loved his time in the military. He was Mr. Fixit at every turn. Working in HVAC and years with parts/service for various dealerships around the valley. James was always the “go-to” man. So professional, approachable, and friendly. James was a terrific companion and father.

Surviving James is his older brother Steve Register, younger brother Joe Brollier, his son Josh Brollier and two princesses Arissa & Aruna. We all loved James, he was a man among men, an exemplar & a constant stalwart for all of his family.
