

Jennifer Lynn Usry

August 5, 1980 ~ August 25, 2025

Jennifer Lynn Usry left this world a far less beautiful place on August 25, 2025, after a long and courageous battle with mental illness. Jennifer was a beloved daughter, sister, aunt and friend.

Jenny was the precious first born to Joe and Sandra Usry on August 5, 1980, in Salt Lake City, Utah, followed by her little sister Jamie just thirteen months later. Jenny lived with her parents her whole life and was cherished by them every day. Jenny has preceded her parents and her siblings in her death, but we are all grateful that Jenny is no longer in a daily battle with herself and is at peace.Jenny was proud to be an organ donor upon her death, and she spoke of her body being used to help others. We are equally proud of the many organ, skin, cornea and bone donations she gave for people in need.

Jenny graduated Summa Cum Laude with both a Honors Degree of Bachelors of Science in Sociology and Bachelors of Science in Psychology from the University of Utah. She later received a Bachelors of Science in Accounting from Western Governors University. Jenny received a graduate degree of Masters of Public Administration from the UofU as well. Jenny was loved by many teachers throughout her life for her dedication to academics and sweet personality, and learning was always very important to her.

Jenny spent most of her professional career working in Accounting for Motorola. In her free time, Jenny was an amazing artist. She loved writing and reading. She loved many movies, television shows, and music. Her favorite music artist was Harry Styles.

Jenny's greatest joys were her two dogs, Tucker, who preceded her in death five years ago, and Nachi, who is currently sixteen years old.

Jenny, we hope you know now what you meant for so many people. Your ripple effect on this world was infinite. You will always be missed. You will never be forgotten.

“We’ll be alright, alright, alright, alright…” -Harry Styles
