

Jordan Troy Ostmark

October 22, 1990 ~ April 3, 2022

Jordan left our family on April 3rd, 2022 with an incredible amount of memories, laughs and a void that will never be filled. He was a man of many talents and always put passion and dedication into everything he did. Dad built a garage for tools and to work on cars, Jordan quickly turned that into a wood shop and spent hours out there. He loved doing wood work and took such pride in his projects. From pens, to bowls, to picture frames, to furniture for the cabin. Lucky for us, he was an amazing cook and he loved it. We always knew we would have a good meal when he was the chef. To him, if a meal wasn't a 5 star meal, it sucked. He was so smart and could fix anything. He was so giving and loved to take care of people. But from time to time he'd invite you for a meal, give his credit card and then let you know he'd put it on your tab. And everyone knew "his boat doesn't run on 'Thanks'".

He was with American Express for 13 years and he truly enjoyed his job and the people that he worked with.

He also was a man of many names.. growing up we would get mail addressed to Bill Ostmark, at Zipz he would walk up to the counter when they said "Brandon" and he had to let us know that he was Bear Lake Brandon, but the name he loved the most was "uncle jo". Brielle, Nixon and Delilah were so lucky to have him. They spent so much time on the floor building legos, reading books, playing toys and making memories. He loved their time together. The kids will miss their Chick-Fil-A runs. Jo always let them eat their fries on the way home.

Bear Lake has always been an important place for our family but Jordan made it special. He found so much joy being at the cabin with his family and we loved our 'big family weekends' when both sisters made it up. He was so full of life when he was on the water. Whether he was pulling the kids on the tube, after they said "hit it jo", going for a night time cruise or zipping up his wet suit to go surfing in April, he was glowing. There were so many times we had to make him get back on the boat so we could make our way back to the marina. He never wanted to waste good water so if you took too long to get in the water he'd say "paint or get off the ladder". He loved his music on the boat and he loved it loud. He had a remote he took into the water with him just in case we turned it down.

At the marina some of us were not very good at tying the proper knots to hold the boat, so he'd remind us "if you can't tie a knot, tie a lot."

It didn't matter how tuckered we were from a day on the water, he never let us go to bed without playing yard games.

Cabin trips will never be the same and our card games are never going to end because we always "played until jo wins".

Trooper and Rixie were his pride and joy. Everything he did revolved around the pups and they were so lucky to have each other. Labrador Lodge was their house, Jordan just paid the mortgage.

He loved the Pittsburgh Penguins and would travel near or far to catch a game. Let's go Pens!

Jordan was the life of the party and brought so much happiness and humor everywhere he went. He loved all of our family traditions. We will miss him dearly.

See ya at the lake.

We will be celebrating his life on Friday, April 8th from 2-4pm at Chateau at Le Jardin at Larkin Sunset Gardens 1950 E. Dimple Dell Road Sandy, Utah
