

## Martha Lee Moss Heath

*September 10, 1948 ~ June 16, 2025*

Martha Lee Moss Heath passed away peacefully in the early hours of June 16th. She was born on September 10, 1948, in Richfield Utah to her loving parents, George and Joan Moss.

Martha grew up in Holladay Utah and was a joyful and spirited child who loved spending time outdoors with her parents and, seven years later, with her younger brother, David. The two shared a typical sibling bond, full of playful torment (as David fondly recalls) and plenty of laughter. Their connection remained strong into adulthood, sharing many travel experiences and supporting each other through life's challenges. Known for her radiant presence and incredible dancing skills, Martha had a way of lighting up every room she entered.

After many adventures abroad, including living in Germany for nearly a year, Martha found her greatest joy in motherhood. She was blessed with three sons—Travis, Ryan, and Eric—who became the center of her world. A devoted and loving mother, she took great pride in raising her boys, who grew to become her joy, strength, and protectors.

Martha cherished watching her sons thrive and was immensely proud of the lives they built. Her legacy lives on through her grandchildren, great-grandchildren, and the countless moments of love and laughter she shared with her family. Martha's character was defined by her fierce love, unwavering dedication, generosity, and a heart full of pride for those she held dear.

She will be missed more than words can express.
