

Paul Douglas McKinnon

June 5, 1947 ~ November 1, 2024

Paul Douglas McKinnon passed away on November 1, 2024, at the age of 77 in West Jordan, Utah. Born on June 5, 1947, Paul lived a vibrant life dedicated to his family, a passion for the outdoors, and service to his country. Paul served as a “code breaker” in the United States Army from 1966 to 1968, a period that instilled in him resilience and camaraderie he carried throughout his life. His real passion was his family. He was a devoted husband to his wife, Jacque, for 55 wonderful years. He loved his kids and grandkids. He was always there, usually very early, for your game, doctor visit, or celebration. His calling card though was his biting sense of humor and infectious laugh; it filled the room. You can’t think of Paul without thinking of golf, fishing, cooking shows, and of course that “one armed bandit”, the slots at the casino. He was great at nearly everything he did. Turns out Paul was the jackpot.

A private family service will be held to celebrate Paul's life and legacy. In his honor, we encourage you to go fishing, play a round of golf, or simply share a laugh.

In lieu of flowers, contributions can be made to the Leukemia and Lymphoma Society in his memory.
