Loving Wife, Mother, Grandmother, & Great-Grandmother 82 passed away peacefully on April 5, 2020 from complications related to Dementia.

Born Feb 27, 1938 to Gilbert E. Bridge & Sarah E. Bridge in Salt Lake City Utah. They also had 3 other daughters Jean (Walt) Bird, Beverly (Clarence) Vincent, & Gloria (Richard) Luebbe.

After graduating West High School she went to work at the Utah State Capitol in the finance department. She married Jerry C. Shurtleff & had a son Randy Shurtleff (girlfriend Susan Warden) & a daughter Monique Niki Shurtleff; they later divorced after 21 years.

Nancy was an excellent seamstress she started working at Penman Playground Equip and became the manager of the seamstresses. After which she was promoted to office manager. She married Patrick D. Penman in 1979 who had 2 daughters ; Ann K. Penman (Oswaldo “Tony” A. Lemus) & Debra L. Penman from his former marriage to Carol A. McEntire Penman.

They spent 40 years working, vacationing, & retired together.

She had a great love for knitting & crocheting instilled by her grandmother who taught her at an early age & made everything. Everywhere she went she always had a small bag that had yarn & either knitting needles or a crochet hook. She made so many items for the family & friends that we will all treasure forever. She even made enough quail potholders & sold them to buy a cover for their truck bed.

After Pat & Nancy retired they spent the winter months in Lake Havasu City, Arizona where they had many friends & enjoyed many card games, Bingo, & other fun activities as “Snowbirds”. She loved teaching her crafts to others & playing card games with family & friends.

She loved her Grandchildren & Great-Grandchild:
From Son Randy (Lori) April (1 Great - grandson), Chris, & Heather.
From daughter Ann (Tony) (2 Step - grandchildren), Sophia and Gabriel.
From Randy’s best friend Bill Davis (Sherrie) (who always called Nancy “Mom”) 2 girls Carlie and Anna who she also embraced like grandchildren.
She had many Nieces & Nephews who she will miss seeing.
