

## Wendy Sue Koehler

*June 4, 1969 ~ June 5, 2022*

Wendy Koehler, the light of our life, loving wife, mom, daughter, sister & dear friend to so many people, passed away peacefully surrounded by her family early Sunday morning, June 5.

Wendy was born June 4, 1969 in Salt Lake City, UT, to Timothy & Beverly Coburn. She graduated with honors from West High in 1987, attended Utah State University and received her Cosmetology license from The International Institute of Hair Design. Wendy met the love of her life, Dave in 1990 and six months later we were married. In August of 1994 she gave birth to our son David and in July of 1997 gave birth to our daughter, Heather. Our kids were her world, she loved them more than any mother could, they were her everything. She worked for Target starting in 1997 and retired from them 22 years later. Wendy always loved doing hair and had clients still to this day all the way back from 1991 when she first started her career in hair. After leaving target she moved to Entre Hair & Nails where she remained until her passing. Wendy loved her family so much, she would never miss a chance to go to a nieces or nephews program, family party or any type of family get together. If it involved family she was there.

Wendy touched so many lives, every where she went she would make friends, life long friends. Her passion (besides her children) was travel. Any chance we could, we would go. Starting with yearly Disneyland trips before our kids could even walk, taking Heather when she was only a few months old. She loved cruising and we traveled the world on cruises, with the Mediterranean being the highlight of our travels. We loved Italy and were lucky enough to go twice. Anywhere with sand, sun and the beach we were there, her favorite being Maui. You would never find Wendy in closed toed shoes, it was always flip-flops, shorts and sunglasses on her head wherever she went. Unless there was 6" of snow on the ground she was in flip-flops year round. Along with travel I was able to talk her into getting involved with my hobby, old Hot Wheels. She thought I was crazy but we started attending Hot Wheel conventions about 6 years ago together and she absolutely fell in love with all the people she met. She made such an impression on everyone, she was unforgettable and one of a kind. She would get so excited to attend these events, looking so forward to seeing "Her Girls" once again. She was the life of the party!

Wendy would always say, "You can always make more money on Monday but memories will last forever", "Experience life to its fullest because you never know when it will be your last day". Wendy is going to be terribly missed by so many people that she touched. Once you met her you were her family. Heaven is lucky to receive such an incredible, beautiful angel.

Wendy is preceded in Death by her brother Mark Coburn, father in law, David Koehler Sr. along with her Grandparents.

IN LIEU OF FLOWERS PLEASE DEPOSIT THAT MONEY INTO YOUR VACATION ACCOUNT & GO TRAVEL!

This is a celebration of Wendy's life. Please come in your favorite beach picnic attire. SHORTS, FLIP-FLOPS & SUNGLASSES are REQUIRED DRESS. No suits or ties allowed. Wendy would not want it any other way.

Services will be held Friday, June 10th @ Larkin Sunset Gardens  
Viewing 11am-1pm followed by graveside services immediately after

Friends & family are invited to a luncheon afterwards at the home of Tim & Bev Coburn.
